Non-Compliant Amendment

The Amendment filed 10/13/04 does not comply with 37 CFR 1.121 for the following specific reasons:

Claim 29 is labeled "previously amended", however this is not a proper status identifier. This claim should be labeled --previously presented--.

Claim 30 is labeled "original", however the claim dependency has been changed from claim "29" to claim --1-- (without proper amendment markings). Based on the claim preamble, it appears the change is a typographic error, and that the claim dependency should be corrected back to claim 29, so that the claim is truly "original".

Claim 31 is labeled "previously added", however this is not a proper status identifier. This claim should be labeled --previously presented--.

Claim 32 is labeled "currently amended", however no amendments are present in the claim. This claim should be labeled --previously presented--.

Claims 33 is labeled as "previously presented and currently amended", however this combination of status identifies is not permitted. This claim should be labeled --currently amended--. Additionally, before the text of claim 33, the statement "please add new claim 33 as follows:" should be deleted.
